### FRINGE APPLICATIONS RECEIVED BY THE NATIONAL PARK AUTHORITY

08/01815/FRI – Fringe Comments – 30 April 08

Pennant Walters Hirwaun Ltd for Fringe Consultation (Erection of 12 wind turbines together with ancillary infrastructure) at Land South Of A465 Hirwaun, Hirwaun Common, Mynydd Bwlfa, Mynydd Cefn Y Gyngon (Appeal)

The Authority wishes to reiterate its original objection to the application 06/01415/10. The Authority wishes to reiterate its sentence of the conclusion of the original objection letter dated 26<sup>th</sup> September 2006.

“The Authority is of the opinion that due to its proximity to the National Park the proposed Hirwaun Wind Farm would have a significantly detrimental affect upon the special qualities of the National Park, especially those qualities relating to landscape and natural beauty, peace and tranquility and open spaces and qualities of remoteness. In light of paragraph 2.2 of the Unitary Development Plan Pre-Inquiry proposed changes to the Deposit Plan (March 2005), the Authority view the proposal as contrary to policies G3(i) and S12 of the plan. The proposal would also be contrary to the national guidance as detailed in the “Policy Context” section. Information provided within the Environmental Statement clearly shows the scheme to be visible from numerous parts of the National Park. The scheme would compromise the integrity of the national park and spoil the amenity of residents and visitors of the park. Therefore the Authority objects to the proposal”
